

26th August 2015

TIMETABLE

The workshop will take place in room APB/E007. It is located on the ground floor of the computer science building.

Time	Event
08:50	Opening of Workshop
09:00–10:00	Invited talk: Ivo Duentzsch <i>Boolean contact algebras - Structure and representation</i>
10:00–10:20	Coffee break
10:20–10:45	Leif Sabellek and Thomas Schneider <i>A Note on Algebraic Closure and Closure under Constraints</i>
10:50–11:15	Peter Jonsson and Victor Lagerkvist <i>Upper and Lower Bounds on the Time Complexity of Infinite-domain CSPs</i>
11:20–11:45	Johannes Greiner <i>A Polynomial Time Algorithm for Set Constraints with Cardinality Inequalities</i>
11:45–14:45	Lunch break
14:45–15:10	Frank Dylla, Jan Oliver Wallgrün and Jasper van de Ven <i>Merging Qualitative Information: Rationality and Complexity</i>
15:15–15:40	Florian Muth <i>AND/OR Linear Programming for Qualitative Spatial Reasoning</i>
15:40–16:00	Coffee break
16:00–16:45	Invited talk: Matthias Westphal <i>Qualitative constraint-based reasoning: methods and tools</i>
16:45–17:00	Discussion, Closing
